- *After mounting, screen hangs like a picture and distance to the wall is reduced to a minimum*
- *Solid steel construction, powder coated*
- *10 years warranty*

XWB1 is an universal fixed wall mount for 60" and larger plasma / LCD screens with a capacity load of up to 110 kg. Its design ensures quick, easy and safe installation*:

XWB1 consists of a back plate that can be fixed to a brick, stud or concrete wall and the two front plates which are mounted to the back of the screen.
The screen together with the front plates can be comfortably hooked to the back plate. The universal bracket contains also two security screws in order to keep the screen in position.

This universal bracket was especially designed to fit TV makes and models that require a large mounting interface and a heavy duty capacity load.

Included in the box are screws and spacers for different TV makes and models.

*XWB1 can be fixed directly to the wall or can be used with adaptors for swing arm, trolley or ceiling mount adaptors.
